SUMMARY

Motivated and detail-oriented AIML undergraduate with a strong foundation in Python, machine learning, and data science. Skilled in developing AI-based solutions and web applications using modern tools and frameworks. Passionate about continuous learning, innovation, and applying technology to solve practical problems.

EXPERIENCE

Machine Learning Internship, Zephyr Technologies

08/2024 – 09/2024

- Worked on an ML-based car price prediction project using Python and regression algorithms.
- Involved in data cleaning, feature selection, model training, and evaluation to build an accurate pricing model.

EDUCATION

Bachelor Of Engineering in AIML, St Joseph Engineering College, Mangaluru

11/2022 – 06/2026

CGPA: 9.19

Mangaluru

Pre-University Education, Sharada PU College, Kodialbail, Mangaluru

06/2020 – 04/2022

Percentage: 96%

Mangaluru

SKILLS

Technical Skills

Python, React.js, Machine Learning, NLP, HTML, CSS, JavaScript, SQL, Java, C#, C

Soft Skills

Leadership, Teamwork, Event Management, Adaptability

ADDITIONAL INFORMATION

Languages

English, Hindi, Kannada

Awards/Activities

Student Convener for Tiara 2025 -
National Level TechnoCultural Fest

PROJECTS

Credit Approval System (Django, Docker, PostgreSQL)

- Designed and developed a full-stack Credit Approval System using Django REST Framework, enabling customer onboarding, loan eligibility checks, and loan management via RESTful APIs.
- Containerized the application using Docker and orchestrated with docker-compose.
- Technologies: Python, Django, PostgreSQL, Docker, Celery, Redis, REST API, Git.

Automatic Retinal Disease Screening through Image processing

- Used image processing and machine learning to detect retinal diseases from eye scan images.
- Aimed to assist early diagnosis in healthcare using computer vision.

Smart Attendance Taking System using Python Flask and Face Recognition

- Created a web-based system that uses face recognition for automatic attendance.
- Integrated Flask backend for user management and record storage.

CERTIFICATIONS

- Introducing Generative AI with AWS - Udacity
- DataScience - IBM SkillsBuild
- Cloud Computing Fundamentals - Infosys Springboard
- Machine Learning Foundations - AWS
